It is with great excitement that we announce the upcoming **3<sup>rd</sup> International Conference on Emerging Trends and Applications in Artificial Intelligence (ICETAI)**. The conference is organized by the **Istanbul Technical University, Turkey**, which will be held on May 15-16, 2026. The conference is proudly sponsored by Al-Farahidi University, Iraq, Istinye University, Turkey, Universidad de Castilla-la Mancha, Spain, and Istanbul Medipol University, Turkey. All accepted papers will be published in **Springer's Book Series: STEAM-H Science, Technology, Engineering, Agriculture, Mathematics & Health**. This series is indexed in well known databases such as Scopus, zbMATH.

#### 1. Artificial Intelligence and Machine Learning

- Statistic Learning & Pattern Recognition
- Deep Learning & Neural Network Robotics
- Remote Sensing and Applications
- Medical Image Processing
- Image and Video Retrieval
- Speech, Audio, and Music Processing
- Computer Vision Applications
- Natural Language Processing (NLP)

#### 3. AI for Business, Management, and Social Sciences

- AI in Business Decision-Making
- Mathematical Modeling & Applied Mathematics
- Customer Analytics with ML
- Ethical AI and Social Responsibility
- Marketing and Sales AI Automation
- Human-AI Workplace Collaboration

#### 2. Cloud Computing, IoT and Blockchain

- Models and algorithms of Big Data
- Architecture of Big Data
- Big Data Management
- Big Data Analysis and Processing
- Security and Privacy of Big Data
- Big Data in Smart Cities
- Search, Mining and Visualization of Big Data
- Edge Computing
- Blockchain for security IoT
- Intelligent Systems for IOT

#### 4. Data Analysis and Visualization

- Statistical Methods for Data Analysis
- Machine Learning for Data Analysis
- Predictive Modeling for Data Visualization
- Business Intelligence
- Big Data Analysis
- ML for Data Analysis
- Statistical Inference in Data Analysis
